HOW TO ORDER

Dear Friends:

PLEASE ORDER EARLY. Orders are filled in rotation and all orders are acknowledged by card containing an order number. Always mention this number when writing or calling about your order, or when adding to your order.

ALL PRICES ARE FOR ROOTED CUTTINGS.

MINIMUM ORDER \$5.00. WE PAY THE POSTAGE. Because of today's high shipping and handling costs, we have had to establish a \$5.00 minimum order policy. We pay the postage and orders are all sent special handling.

WE HAVE TO HAVE CASH WITH ORDER. You see, it takes so much extra time to handle COD orders, we'd have to raise our prices if we accepted them. Then nobody would benefit but the Post Office (and they claim they lose money on COD's too).

WEST OF THE MISSISSIPPI, WE ADVISE AIR MAIL. For airmail shipment, please enclose \$1.00 to help defray cost of extra postage.

NO DIRECT SALES, PLEASE. Unfortunately, we're just not set up to do an over-the-counter business at our nursery.

LOCAL ORDERS can be called for at the Nursery if they are ordered and paid for in advance. Orders are filled by number. Please specify on your order blank the approximate date you wish to pick up your order — then notify us by phone or card two days in advance. We'll have your order ready.

CUTTINGS ARE SHIPPED FROM FEBRUARY 15 TO JULY 1. Plants are well-labeled and packed, assuring you beautiful, sturdy blooming plants this fall. We will try to ship as close to specified shipping date as possible.

WHEN YOUR PLANTS ARRIVE, if they are a little dry, cover the roots with water for a few hours or until the next day. Best time to plant is late afternoon or evening. If your garden soil is well-prepared and the weather is cloudy or the soil is wet, you can plant immediately. Keep soil well watered for a few days.

CATALOG PRICES GOOD 'TIL JULY 1.

DESERT SUN (LADYGO) A wealth of anemone type burnt orange to bronze flowers. 1½ inch blooms, the cushion is 1 inch. Ray petals are spoon shaped. Easy to cascade.

WHITE DAPHNE—White daisy type blooms over two inches across, makes a bright easy to train cascade.

HARDY GARDEN CHRYSANTHEMUMS

A select group of the best of the newer varieties we have chosen from our large trial gardens. Easy to grow, plant them in May and June. Pinch once in June and again by July 20th. Keep plants down to 6 inches to middle of July, to keep plants compact. Fertilize mid-August and you will have a wealth of bloom in Sept. and Oct. Keep soil loose and pliable during hot months.
